HOSA

Qualifying senior students at Holy Name of Mary who wish to pursue careers in health sciences have the opportunity to compete in the annual HOSA competition. This allows them the opportunity to network with current health professionals, attend workshops hosted by local universities, and compete in both written and performance based events.

HOSA Canada is a not-for-profit corporation whose mission is to enhance the quality of health education and the delivery of healthcare by providing future health professionals with opportunities, technical training and leadership development that enables them to meet the ever-changing needs of the health care community. Each year, we hold Canada's largest health science competition for secondary and postsecondary student
